

S8

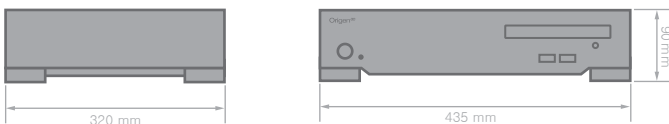

description

S8 is the slimmest enclosure in S range products, measuring only 90mm in height, 320mm in depth. Like other S series, one-piece curved-edge design structure is unique and elegantly furnished.

As with slim and compact size, S8 harmonizes with its surroundings and any other AV/HiFi device. Ventilation on aluminum top cover keeps systems cool.

The S8 will support powerful mini ITX motherboard, M-ATX PSU, 2 hard drives and optical drive. Additional IR310 module kit will provide your life easy by controlling PC with remote from your living room sofa.

The S8 will carry out high performance as HTPC enclosure and music server.

features

- one piece 5mm aluminium front & sides
- 1 x 60mm low dB exhaust fan (pre-installed)
- 2 x USB 3.0 ports
- IR310 module (optional)
- support for 2 hard drives
- support for 5.25inch ODD
- reversible PSU mounting
